JACKSON'S ASHES REMOVED.

The Great Soldier's Remains Placed in Their New Resting Place.

V. M. I. COMMENCEMENT CLOSES.

Governor Mckinney Delivers the Jackson-Hope Medals-Cadet Russell's Eloquent Valedictory.

LEXINGTON, VA., June 25.-[Special.]-At to'clock this morning the ashes of one of the greatest generals of modern times was brought forth to light. The body of Stonewall Jackson was taken from the grave in which it has rested since the burial in 1864 and quietly placed in the vault built for it, over which the monument will be erected.

Mrs. Jackson requested that the removal be made in the night, that no curious crowd with prying eves or relic-hunters with their kleptomaniae greed desecrate the almost sacred

GUARDED WITH SECRECY.

Not over ten persons in Lexington knew anything of it his morning. A tew minutes past i o'clock Mr. E. J. Laban, the contractor in charge of the monument work, stuck the first spade into the grave. Two negroes then assisted in throwing out the earth until the coffin was reached, which was exactly at 5 o'clock.

O'clock.

They then returned from the scene and Captain J. C. Boude and Colonel John A. R. Varner, two of General Jackson's devoted followers during the war: Dr. J. Ham. Campbell.

M. W. Paxton of the County News: William C. Charlton, keeper of the cemetery, and another person raised the coffin from its resting place and took it immediately to the vault where, after a slight examination, it was placed and ceiled up forever from the eyes of the and ceiled up forever from the eyes of the

The coffin was in perfect state of preservation, except rust hung on the large iron casket.

It was carried to the vault by the handles
alone. The plate was then removed and a
view of the body showed the clothes were in
a fair state of preservation.

Much, however, to the surprise of all present, the coffin had considerable water in it.

The frame on the plate had rusted entirely
away.

V. M. I. Commencement.

To-day is the last of the Virginia Military Institute commencement exercises. There is in attendance the largest crowd ever seen here excepting the semi-centennial. The day is perfect except for the excessive heat, which, however, has little effect on the enthusiasm of the visitors, many of whom are

alumni.

At 110 clock Mess Hall was packed to see the diplomas delivered to the graduated class, thirty-three in number. Dr. McBryde offered a fervent prayer at the opening of the exercises, when Superintendent General Shipp called the graduating class around the stand, handed each his diploma with a fitting remark. Much enthusiasm was manifested by the friends of the different graduates as they received their sheepskin. received their sheepskin.

GOVERNOR M'EINNEY'S ADDRESS. Governor McKinney then called on Mr. C. B. Slemp, who graduated first, and Mr. S. Hyatt, who graduated second in his class, upon the stand, and presented them respectively with the first and second Jackson-Hope

tively with the first and second Jackson-Hope medal.

The Governor's speech was couched in beautiful language and full of feeling, making a lasting impression on his hearers.

He said: "Virginia expects every man to do his duty. Of the graduates of her own military school she looks for great deeds of valor and honor, but from you gentlemen who are now receiving the highest honor that the old mother of States and of statesmen can confer upon students does she expect a career that will shed glory upon her sacred head."

THE OTHER BONORS.

upon students does she expect a career that will shed glory upon her sacred head."

The OTHER HONORS.

The other class stands were then read by General Shipp, showing in the second class Walter Taylor, of Nortolk, first, and G. B. Elliott, of Virginia, second. Third class—First, Priton, of Staunton; second, Deering, of Virginia, Fourth class—First, Cocke, and second, Rixey both of Staunton; second, Deering, of Staunton; se of Virginia, Fourth class—First, Cocke, and second, Rixey both of Virginia, G. B. Elhott, of Norfolk, was appointed first captain, and Walter Taylor, of Norfolk, adjutant, while Richmond claims sergeant-major with Thomas Alsop. This gives him adjutant next year, an honor much sought.

At the celebration of the festival of St. John the Baptist by the Masonic lodges of Petersburg last night, an interesting address was made by Worshipful-Master Dr. George Potts on the Virginia Masonic Orphan Home, located near Richmond, which was a grand success.

Captain E. J. Lossitz, of a stream of the festival of St. John the Baptist by the Masonic lodges of Petersburg last night, an interesting address was made by Worshipful-Master Dr. George Potts on the Virginia Masonic Orphan Home, located near Richmond, which was a grand success. year, an honor much sought,

AN ELOQUENT VALEDICTORY The valedictory address was delivered by Cadet J. H. Russell, of Virginia, of the graduating class. Mr. Russell is conceded to be the finest crator of his age in the State. His effort to-day won for him the applicance of the cultivated and retined audience, and a special compliment from the board of visitors and the Governor. His speech is said to be the finest delivered here since the war.

AMONG THOSE PRESENT.

Among the distinguished gentlemen present are: Elliott of Nortolk, Hon. John T. Harris, General McDonald, A. D. Exall, Colonel J. D. H. Ross, Colonel Edmund Pendleton, Dr. McBryde, Judge Bristoe, Judge Redfield of New York, Hon. L. D. Rockeback of Missouri, H. A. Holt of Kansas, and many others. Governor McKinney was tendered last night a brilliant reception by General Shipp at his house. A large, cultivated and refined audience attended to do honor to His Excellency. lency.

The final ball to-night promises to be a very

enjoyable affair.

ALEXANDRIA.

Closing Days at the Theological Seminary. Other News.

ALEXANDRIA, VA., June 25 .- [Special.] --The Theological Seminary and its preparatory schools of the Protestant Episcopal Church in this diocese inaugurated its closing days of 1891 with the meeting of the alumni yesterday. It was opened by prayer by Dr. James

This institution is one of the best, widest known institutions of its kind in the South, and in the years of its existence—nearly three score and ten—it has sent forth men who in many cases have been considered the flower of the Church; and not only in the South alone, but in the North as well and in the West and in foreign climes.

of the Church; and not only in the South alone, but in the North as well and in the West and in foreign climes.

Such men as John Clemson, John McGuire, John Thomas Wheat, Stephen, Jr., and Dudley Tyng, Leo Polk, William Preston, William Kip, Charles Pickney, Philip Slaughter, Bishop Boone, Gregory Bedell, Edward Syle, Henry Lay, Freeman Young, Theo. Rumney, John Wingfield, Henry C. Potter, Randolph McKeen, Thomas Dudley, John S. Lindsay, Bishops Whittle, Randolph, Pavne and Wilmer have national fame; and there are more of them. I think the whole number of gradof them. I think the whole number of grad-uates since 1823 is over a thousand.

The bishop (Right Rev. F. M. Whittle) presided and Rev. P. Wroth, of Baltimore,

was chosen secretary. The minutes were read and the members of the alumni were re-

read and the members of the alumni were reported as have died during the year. Among them Kev. Drs. C. K. Nelson, E. E. Bryden, Clemson, Syle and George M. Funsten.

Rev. Wilham Clark, of Fredericksburg, read in essay and Rev. A. B. Kinso ving of Brooklyn, preaches the missionary sermon to-night. The old officers were chosen for the new year and a committee was appointed to make arrangements for the publication of a full necrological report of the deceased alumni.

BUCKINGHAM FARMERS.

State-Lecturer Snavely Explains the Objects and Demands of the Alliance.

VARIETY SHADE, June 25 .- [Special.] - We have been blessed with favorable weather for wheat harvest and that crop is being saved in

good condition.

The quality is unusually good and about the average quantity. The failure of the European wheat crop, especially in Germany and France, should make the cereal worth something to the hard-working farmers this year. Why is it that the Richmond Grain Exchange will persist in quoting prices nominal and private terms? This is not just to the producer, and the commission merchat who is the farmers' agent, should endeavor to correct he farmers' agent, should endeavor to correct

FARMERS' ALLIANCE LECTURE.

elevate the agriculturists of the nation and place them on that high plane which they once occupied. The organization is opposed because people do not understand its aims and purposes; is opposed because it is thought that we are drifting into a political party, but the Farmers' Alliance is not partisan.

The Third party is derived from this organization, but it does not now dictate to its members in that respect. The monopolies of Wall street combine and all other classes are organized, and the falliance says to the agriculturists to act is concert. Is this wrong? By this organization its members will be benefited mentally, morally, socially and financially.

A FINANCIAL NECESSITY.

A FINANCIAL NECESSITY.

This combination of the agriculturists is a financial necessity. You represent fifty per cent, of the population and should have in control fifty per cent, of the great wealth of this nation, but as a class you are growing poorer every day. What is the explanation?

Agriculturists are not remunerated: as they ought to be. In 1835 farmers constituted 50 per cent, of the population and owned 75 per cent, of the wealth; in 1880 50 per cent, of population and owned 25 per cent, of the wealth; in 1890 51 per cent, in population and owned only 20 per cent, of the property and should pay only 20 per cent, of the taxes, and you now pay about 81 per cent. of the taxes, and you now pay about 81 per cent, of the taxes. Is it any wonder that this class should cry out against oppression?

MILLIONAIRES AND TRAMFS.

MILLIONAIRES AND TRAMPS.

MILLIONAIRES AND TRAMPS.

In 1847 there was only one millionaire in this country and no tramps. Now thirty-one thousand millionaires and one-sixtieth of the population have two-thirds of the wealth. In 1847 nothing was heard of millionaires in Congress. Men now go to Congress and come back millionaires. As an organization we want to inquire into this rapid accumulation of wealth. They say farmers cannot organize, and if they do, can't accomplish anything. Their rapid increase in numbers will solve this problem. The mortgages on farms in Illinois, Kansas and other States are so large that in 1889 all the farm produce at the low price at which it was sold lacked in the fertile State of Illinois four millions of dollars of paying interest on the mortgage debt. The depression in our own States is so great that thousands of acres east of the Blue Ridge are growing up in pine and broomsedge. In the fertile Valley and Southwest with its fine mineral productions farmers find it hard to buy or pay eash down for a suit of clothes. There must be some remedy and some relief must come.

WHAT THE ALLIANCE DEMANDS. The Alliance demands abolishment of national banks, advocates the sub-Treasury bill, demands increase of circulation of money, and free and unlimited coinage of silver. These are some of our demands, and, if wrong, point out to us something better.
We want could rights to all and special privileges to none. By organization and co-operation all these injustices to the agriculturist

All are urged to sustain the Alliance. If All are urged to sustain the Alliance. It it fails to accomplish its objects no similar order will accomplish what it has undertaken. We want to see the time when the great political parties will be uneasy about what we will do.

The address of Mr. Snavely was ably delivered in an earnest and graceful manner and gave general satisfaction to his audience.

PETERSBURG. Big Land Sale... The Virginia and Carolina

Railroad-Matrimonial. Petenseuro, Va., June 25.-[Special.]-The City Point Land Improvement and Development Company is composed of R. R. Harrison, president; M. S. Kleppinger, secretary, and C. A. P. Fall, manager, and Charles S. Zane and R. I. Harrison, all Philadelphia capitalists. This company has purchased of Mr. C. D. Tinsley, of this city, five thousand acres of land in Proceedings of Control Country of the Country of Tinsley, of this city, five thousand acres of land in Prince George county at a cost of \$200.600. This large tract of land is on the Appointation and James rivers, and is to be divided up into building lots, and is to be inade a manufacturing and commercial place to be called "City of Antwerp."

Rev. J. F. Twittey, presiding elder of the Petersburg district, who is in very bad health, left here to is morning for the Pellow Sulphur

Captain F. R. Lassiter, city attorney of Petersburg, has made a demand for the interest on the \$84,000 of the Virginia and Carolina railroad bonds held by the city of Petersburg as a preparatory step to foreclosing the deed

Miss Olivia Cockes, of Surry county, is on Miss Olivia Cockes, of Surry county, is on a visit to Miss Estelle Cockes, of this city.

Mr. William Cook, of Petersburg, and Miss India Stewart, of Richmond, were quietly inarried last night at the residence of Mr. R. A. Grund, on Old street. Rev. J.W. Rosebro, pastor of Tabb-street Presbyterian church, officiated. The couple will reside in this city.

Mr. Hatcher Moore, of Crewe, and Miss Nannie Haruson, of Ettrick, Chesterfield county, were married this afternoon at the residence of the bride. Rev. C. I. Gibson officiated. officiated.

Mr. Thomas Friend and Miss Maggie Mar-tin, both of this city, were married this after-noon at the residence of the bride. Rev. T. Wilson, paster of Wesley Methodist Episcopal church, otherated.

The case of the City of Petersburg against the Richmond and Petersburg Railroad Company ifor certain taxes upon their property was argued before Judge D. M. Bernard in the Hustings Court of Petersburg. The court decided the property was non-taxable, and, therefore, the taxes had been er-

At an adjourned meeting of the City Council to night the bond of Mr. C. A. Slaughter, the newly-elected city treasurer, was received and referred to the committee on officers bonds. The bond is for \$50,000.

SUICIDE OF A STRANGER.

The Dead Body of an Unknown Man Found in Lynchburg.

LYNCHBURG, VA., June 25 .- [Special.]-A white man aged about thirty years was found dead early this morning on the Norfolk and Western road near Concord depot. The body was horribly mangled, and no one seemed to know him. No papers leading to his identity were found on his person. He was nearly dressed and the supposition is that the man committed suicide. He was seen in the neighborhood where the accident occurred yesterday evening, and persons who talked with him are of the opinion that his mind was unbalanced. ing, and persons who talked with him are of the opinion that his mind was unbalanced. The dead man was heavy set, with dark hair and moustache, brown eyes, and had a large mole on his right cheek. Twenty-six dollars in money was found on his person. The Corporation Court to-day granted a charter to Cecil. A. Poole and others to con-duct sharings under the

duct a business under the name of the South-ern Electric Company in the city with stock at \$100 per share, whose business it will be to manufacture all electrical apparatus, with headquarters and offices in this city.

Danville, Va., June 25.—[Special.]—Miss Cecolia Caruthers, daughter of J. F. Caruthers, died at her father's home this morning of typhoid fever. The deceased was a charming young lady just budding into womanhood, and her untimely death causes many hearts to how in sadness.

Collins Beavers, a rather dangerous colored lunatic, was to-day investigated by a properly constituted commission de lunatico and pro-nounced insane. He will be taken to an asy-lum as soon as possible.

Found Dead in His Cart.

CHARLOTTE, N. C., June 25.—[Special.]—Dr. Copse, a prominent citizen of Cabarrus county, was found dead in his cart yesterday evening on the road between Concord and Gold Hill. He had been a sufferer with a disease and was taking opium, and it is supposed that he took an overdose and died from the effects. He had engagements to meet several patients, and being overdue they cent for him and found him dead in his cart with the wheel caught around a tree, with the horse standing quietly. The doctor was lying nearly out of the cart with one foot caught in the slats.

By appointment Mr Robert Snavely, State lecturer of the Farmers' Alliance, addressed the people at the court-house yesterday. He discussed the principles upon which this organization was based, calling attention to its fundamental principles and its aim to the slats.

Killed By an Electric Car.

SCRANTON, PA., June 25.—The three-year-old daughter of Albert Henry was run over and killed by an electric car this afternoon. Her head was almost severed from her body.

DEATH FROM A LIGHTNING BOLT

Crazed With Grief.

SAD ACCIDENT IN PRINCESS ANNE.

An Eight-Year-Old Boy Instantly Kills an Infant Near Staunton With a Shot-Gun. From All Over the State.

NORFOLK, VA., June 25 .- [Special.]-During a heavy thunder-storm that passed over Princess Anne county last night about 10 o'clock the home of Mr. Howard Joynes, a wellknown farmer of that district, was visited by a fearful calamity from the strange tactics of a lightning bolt.

Mr. and Mrs. Joynes were seated in the kitchen of the dwelling near a stove.

The flash was seen in the form of a ball of fire that played at the root of a large oak tree, tearing it from the ground.

The death-dealing mass then struck the stove in the kitchen, shattering it to atoms, The electric ball struck Mrs. Joynes in the breast, killing her instantly, the body turning black in color immediately after the stroke. A small babe sitting upon its mother's lap was instantly killed, yet no marks were found

upon its body. The house caught fire and was nearly burned to the ground. The afflicted husband is thought to be demented by grief.

KILLED IN ITS CRADLE.

A Boy Deliberately Shoots an Infant Near Staunton.

STAUNTON, VA., June 25 .- [Special.]-Yesterday the little eight-year-old boy of Dr. E. F. Wayman shot and killed a two-year-old

F. Wayman shot and killed a two-year-old baby of the man in charge of Dr. Wayman's farm while the child was asteep in its cradle. Dr. Wayman's farm is about six miles from town, near Spring Hill, Augusta county.

The Doctor and his family spend their summers at the farm. Yesterday, before the Doctor returned to town, his boy said: "Father, I want the gun." He was told to take it. He picked it up and went downstairs. Almost immediately a report of a gun was heard and the Doctor ran down and asked his boy if he had shot himself. The boy said. "No, but I have shot the baby." The child was in its crib asleep, and there was no one in the room at the time, the mother of the child being out milking and the father out on the farm. It was their only child.

NORTH CAROLINA DIRECT TAX.

The Work of Transcribing the Records Completed_Other News.

Raleigh, N. C., June 25.-[Special.]-Mr. Phil H. Andrews, of this city, who has had charge of the work of transcribing the records of the direct tax ever since they were received of the direct taxever since they were received there from Washington, announced to-day that the work had been completed, and that he would at once begin sending out the transcribed copies to the clerks of the court sof the various counties in which there are claimants. There are forty-two counties in the State in which there are persons who have claims upon the fund. are persons who have claims upon the fund.
Transcripts will be sent to morrow to about
thirty-five of these counties, and others will

Governor Holt has also issued circulars of instructions governing the payment of the funds to claimants, which are being sent out. Those who are entitled to reimbursement from the direct tax fund can now get it by making proper application to the clerks of the courts. There is over \$400,000 to be thus disbursard.

DEATH OF J. M. MORING.

News was received here to-day of the death of Hon. John M. Moring, of Chatham, which occurred at his home at Pittsboro at an early hour this morning. He was the most promi-nent man in that county and represented his county in the Legislature several times, and in 1872 he was Speaker of the House. He was fifty years of age.

A BEETING CALLED.

The committee appointed by the Alumni Association of Trimity College at the last com-mencement to arrange for the reunion of the alumni and banquet to be given complimen-tary to President Crowell on the opening of the college in the new building at Trinity in September, have been called to meet at Durham to-morrow to make full arrangements for

the occasion.

Judge T. C. Fuller, of this city, who is to be associate instice of the new United States Court of Private Land Claims, left for Denver, Col., yesterday, where the court will be

The Cuban Sugar Cron.

New York, June 25.—In regard to the advance of one-eighth of a cent per pound on raw sugar. Mr. Searles, of the sugar trust, says such an advance is usual at this season, owing to the increased summer demand. The trust is not forcing prices up because it has secured control of most of the Cuban crop as alleged. The Cuban crop is only about one sixth of the world's crop.

CHASE CITY LITHIA WATER.

A Mother and a Babe Killed and a Father NEVER & DESPAIR!

Physicians may fail to give you relief. Medicines may have no effect, but there is hope for the afflicted. The Chase City Chloride Calcium Water is your remedy. It is simply without a rival, and is undoubtedly the greatest discovery of recent years. No more mercurial poisoning. No more disfiguring blotches. No more itching.

No more bad blood.

This water will cure the following diseases: Scrofula, Blood Diseases, Eczema, Skin Diseases, Eruptive Sores, Rickets, Marasmus, Tetter, Ring Worm, Catarrh, Dyspepsia, Liver Disease, General Debility and Ulcerated Sore Throat. In the short time in which it has been tried it has effected the most remarkable cures ever made by any water in diseases which all of the remedies known to the medical profession failed to give relief. Look at the analysis; it is a revelation in itself:

THE CHLORIDE CALCIUM ANALYSIS. LABORATORY OF STATE ASSAYER AND CHEMIST, RICHMOND, VA.

| Chloride of potassium | Chlo

Total W. H. TAYLOR, M. D., State Chemist. The above analysis would indicate a most wonderful water, and the remarkable rapidity and thoroughness of the many cases of eczema, and blood diseases, ulcers, uncerated sore throat and catarrhal affections cured by the water within the short time in which it has been skin and blood diseases, ulcers, uncerated agree throat and catarrhal affections cured by the water within the short time in which it has been known fully warrant the claim that the CHLORIDE CALCIUM WATER is without a rival in this or any other country. Read the following

Physicians Baffled-A Most Aggravated Case. | An Ulcer of Twenty-five Years' Standing

A lady, the wife of one of the most prominent A lady, the wife of one of the most prominent citizens of Bockingham county, Va., under date of May 21, 1801, writes: I got a few bottles of your Chloride Cascium water from your agent at Harrisonburg on my faith in the certificate of Rev. Mr. Railey, of Kentucky. I have used this water with such good results that I am greatly encouraged to believe that there is are medy for my aliments, which have ballled the skill of the most prominent physicians of this country, and believe that you have found that remedy. Mine is a most notable case. Eighteen years ago I believe that rou have found that remedy. Mine is a most notable case. Eighteen years ago I was suffering with inflammation and the attending physician used some application that made me so sore from head to foot that I could not bear to be touched for three days, and from that day to this I have had internal risings, which have been very distressing, and which at last undermined my health to an alarming extent. The best physicians said that they could do nothing for me, and it was only a question of time as to my death. The virulent sores in the bowels at last so affected my digestion that I could retain nothing on my stomach. After a few days use of the Chloride Calcium water I am able to eat the simpler articles of diet without inconvenience, and as this water is doubtless healing the ferrible sores I hope by its longer use to be entirely cured by the seemingly almost miraculous virtues of this water.

Sixty-Eight Years Old, But Cured.

Mrs. Patience Van Devanter, of Waterford, Loudonn county, Va., mother of Rev. J. N. Van Devanter, of Fort Denance, Va., under date of June 1, 1891, writes: I am sixty-eight years old. I have suffered sixteen years with a most distressing case of eczema which affected my entire body. I could obtain no relief from the usual medicinal remedies. After the physicians had tried in vain to give me relief I tree! the Chase City Chloride Calvium, and after using it only three months I was entirely cured of the distressing disease. I will also state that the water had a most beneficial effect on my general health, some of my friends who had not seen me for a few months stating that I now appeared to be ten years younger than before using the water.

Prominent physicians of New York city write that this water is just the water that the medical profession and suffering humanity have long wanted.

Remarkable Statement

of Dr. J. I. Boswell, one of the oldest practi-tioners in the country. In regard to a cure that has never been equaled:

Cured.

OFFICE OF THE CHASE CITY MISEBAL WATER AND DEVELOPMENT COMPANY, CHASE CITY, Va., 1891. CHASE CITY, VA., 1891.)

Mrs. Joseph Hatch, of near Wylliesburg. Charlotte county. Va., applied to me several years since for treatment for a large ulser of the lower leg. The sore at the time was some six inches long by about four wide, with hardened base and hard carrilage-like everted edges, surrounded by a blush inflammation pretty well encircling the leg, the whole resting upon a base of highly-inflamed, hardened fiesh and net-work of variouse veins; altogether presenting a very impromising prospect of recovery. The treatment advised did little or no good. I learned from time to time that Mrs. Hatch grew worse all the time till she was confined to her room, much of the time to her bed until recently, when she commenced using the Chloride Calcium Water of Chase City, which has circel her, which is indeed little short of a miracle when it is remembered that this sore has existed for twenty-five years. JOHN I. BOSWELL, M. D.

Here is Mr. Joseph Hatch's statement corro-

Wylliesburg, Va., April 15, 1891. To the Chase City Mineral Water and Develop-ment Company, Chase City, Va.: ment Company, Chase City, Va.:

My wife suffered from an ulcerous affection for twenty-five years, which very seriously affected her general health and which produced a varieuse condition of the blood-vessels of the leg, resulting in a painful and virulent sore. The usual remedies for such troubles were tried in vain. On February 1, 1881, she commenced the use of the Chase City Chloride Calcum Water, which produced a most wonderful effect. Improvement was prompt and in less than six months the sore was entirely healed and her general health was greatly improved. Before using the water she was unable to walk across the room without assistance. She can now walk without inconvenience walk without inconvenience.

Eczema Cured With One-Half Case.

Mr. W. E. Borden, a business man of Oxford, N. C. writes under date of November 21, 1880;

Dear Sir. I have used about one half of the case of Chase City Water sent me and now all trace of an eczema from which I have suffered for two years has disappeared. There is nothing like this water for eczema. Have gained some in flesh and sleep 100 per cent, better. I heartily resonanced the water to all suffering from the same cause, and thank you sincerely for recommending it to me.

Dear Sirs,—I have suffered from Catarrh and resulting frombles for about twelve years. Had lost entirely all sense of somell. Have used many of the salvertised remedies and doctors prescriptions without permanent relief. For several months I have used many of the salvertised remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. For several months I have used remedies and doctors prescriptions without permanent relief. A VOICE FROM KENTUCKY. A Bad Case of Eczema of Long Standing Cured by the Use of Chase City Chloride Calcium

Water. Chase City Minera: Water and Development Company, Chase City, Va.:

Gentlemen.—This is to certify that my son, ine years old, was terribly afflicted with czema for five years, and that during that time cczema for five years, and that during that time his sufferings were very severe. At certain seasons of the year he would be so broken out with the disease that he had to crawl on his hands and knees, and his condition was indeed distressing. After trying various remedies in vain I ordered a case of Chase City Cloride Calcium Water, by the use of which all signs of the disease were caused to disappear, and I consider the cure a perfect and permanent one, as the cure was effected nearly a year ago, and there are now no symptoms whatever of the disease.

MATTHEW WAKEFIELD.

Bowling Green, Ky., March 6, 1890.

ULCERATED SORE THROAT.

Mr. W. H.* Pettus, clerk of Banner W. H.,
Chase City, Va., under date of May 9, 1891,
writes: I had suffered for some time with a
very severe and stubborn case of ulcerated sorethroat. I tried the usual remedies without
effect. I commenced the use of the Chloride
Calcium Water, using it as a gargle and drinking it. Relief was prompt and permanent. The
other members of my family who used the same
medicinal remedies as I did, but had not used
the water up to that time, failed to secure relief. There are three now using the Chloride
Calcium and will, I am confident, be cured.

Relief in Catarrb.

CHASE CITY, May 11, 1891. Chase City Mineral Water and Development

Guests who may desire to visit Chase City during the present season will be pleasantly accommodated at the hotel on the property owned by the Company and at private boarding houses in the town on reasonable terms, and arrangements have been made to supply all guests who have been assigned places by the company with the mineral waters at the boarding-houses. Write to the company stating the kind of accommodation desired and full information and terms will be given. Dr. H. L. Burwell, resident physician, office at Mineral Hotel.

TOWN LOTS AND FARMS

GREAT SALE

JULY 1st, 2d and 3d, 1891.

Situated in the centre of the Cumberland and Prince Edward Coal Fields, and only twelve miles from the celebrated Buckingham Iron Mines, and all these valuable mineral properties being owned or controlled by the

FARMVILLE is destined to become the great MANUPACTURING CENTRE of Southside Virginia. Four hundred Town Lots will be sold by the FARMVILLE COAL AND HIGN COMPANY. Also, twenty valuable 50-acre Farms.

TERMS—For Town Lots, one-fourth cash; balance in one, two and three years. For Farms, 10 per cent, cash; balance in nine annual payments. For all deferred payments the stock of the company will be received at \$125 per share. Two hundred Town Lots by the Farmville Landand Improvement Company will be sold for one-fourth cash; balance 6, 12 and 18 months.

This is an opportunity for a safe and permanent investment that has not heretofore been offered the public. We have an abundance of all the elements of manufacture—superior Coking Coal, high grade Ores (the gray specular yielding 60% parcent. Metallic from the Hematite 22 per cent. a great variety of timber, and Granite of superior texture and beauty; we have never-failing water-power, and industries already in operation that employ over seven hundred hands.

Under the auspices of the Company two Furnaces will be crected soon as practicable, one a Charcoal Furnace that will manufacture the higher grade froms, the other a large Coke Furnace with seventy-five tons capacity. A Coke plant of one hundred ovens and various other industries will be built.

be built.

To homeseekers as well as capitalists Farmville presents unusual attractions. Our lands are fertile, heavily-timbered and well watered, &c. Our social, religious and educational advantages are equal to any community in the land.

Our Commercial Justicutions are well equipped. Two Banks, four Building and Loan Associations, elegant Stores, both wholesale and retail, large Flouring and Corn Mills, and is also one of the best Tobacco markets in the State.

As a health resort the FARMVILLE LITHIA WATER stands at the head of the Lithia Waters in America, the analysis showing 3.76 grains to the gallon.

We also have Iron, Irodine, Sulphur, Magnesia and Alum Waters. The Lithia Springs Hotel Company are having their grounds laid off, and plans and specifications are now being drawn for a large Hotel and several Cottages which will furnish elegant accommodations for visitors.

At the approaching sale it is the purpose of the management to sell only a small portion of their property, and this will be sold at very low figures and on terms that will enable purchasers to meet their obligations without inconvenience. No high or extravagant prices will be allowed as it is intended that those who purchase property shall do so at prices that will assure them a profit and at the same time aid us in building up one of the most prosperous manufacturing towns in the South.

We wish visitors to come and look over the property before the sale and see for themselves that our advantages are not overrated.
